

## Build a Ukulele Workshop Liability Release

Location: **St. Michael's Woodshop**

Woodworking can be an inherently dangerous activity that requires skill and attention in order to assure safety. Rochester Woodworkers Society and the workshop coordinators will do their best to ensure your safety but you should not perform any operations until you are certain they are safe for you. Your safety is your own personal responsibility. Eye protection is required at this workshop. In some cases additional safety requirements will be identified. By attendance at this workshop, the participant assumes all risks and dangers associated with woodworking. The workshop participant releases Rochester Woodworkers Society, St Michael's Woodshop, and Steward MacDonald, Volunteers, and all Agents of any of these from any and all claims and liabilities resulting. We want you to enjoy the craft so please follow safe workshop Practices.

**I have read and understand the above statement.**
